Hobbs Middle Parent and Family Engagement Notebook

Parent and Family Engagement (PFE) in a child’s education is a greater predictor of academic success than whether or not that family is affluent or poor. That’s why Title I, Part A program regulations insist on robust parent and family engagement activities at every school where federal funds support effective teaching and engaged learning.

Currently Title I, Part A defines parent involvement as the *...participation of parents in **regular, two-way and meaningful communications** with school staff that involves the student, addresses learning and engages the family in school activities.*

The Title I, Part A classification of parent involvement derives from the definition of Parent and Family Engagement, as outlined in the Every Student Succeeds Act, circa 2017-2018.

To help encourage this communication, Hobbs has developed this Parent and Family Engagement Notebook to include the following documents: information about our school grade, our School Improvement Plan, and our Parent and Family Engagement Plan.

Parents and families, you are welcome to checkout this notebook to review these documents. As you do, we ask that you sign and record that you have. Thank you!
